DEC 9 1983

Ms. Jane Stott
KLSM (AM)
2607 West Bennett
Springfield, Missouri 65807

Dear Ms. Stott:

It is our understanding, based upon your December 7, 1983, telephone conversation with Michele Perry-Williams of my staff that the enclosed Public Notice for Radio Broadcast will be broadcast as a paid announcement. The public notice announces our intent to deny a Resource Conservation and Recovery Act (RCRA) Hazardous Waste Permit for the Advanced Circuitry Division, Litton Industries, Incorporated (Litton Industries) in Springfield, Missouri, and thereby terminate interim status under RCRA for this facility.

We have also enclosed a copy of the complete public notice to be published in the Springfield Daily News on December 15, 1983, which will provide you with additional information.

We have also enclosed a Certification of Radio Broadcast form and self-addressed envelope. Please complete and return the form for our file. We need this form to document the fact that the Environmental Protection Agency has met its obligation to notify the public of the proposed action. Please broadcast the Public Notice as a Paid Announcement five times on December 15, 1983, and four times on December 17, 1983, during your prime time hours.

Any questions regarding this letter should be directed to Joe Galbraith at (816) 374-6531. Thank you in advance for your efforts in broadcasting this notice, and completing the certification.

Sincerely yours,

Lyndell L. Harrington, P.E.
Chief, Permits Section
Waste Management Branch
Air and Waste Management Division
